Reference to Sires: Slackadale Discovery – Purchased privately 2012 has grown into a very big sheep. He is a high index ram with an excellent 44.1mm muscle which he is passing on to his progeny.

Solwaybank Inspiration – A quad lamb purchased in Stirling this year has really done well and is looking an exciting prospect with his big rear end. His dam is one of the very top ewes at Solwaybank.

After 60 years in the business I am offering nearly all the young ewes from the flock in normal breeding condition for the benefit of the purchasers. No trough feeding to the shearling ewes since they were three months old. All on the Heptavac system and have been vaccinated with Toxovax.
